Big Gwuy Gwilty Of Many Felineoneous Cwimes

WRITTEN BY OTIS PANTS

De giant man who libs with us, agwainst mwy wishes I might ad, dwoes mmany cwinmal twings, and Mommy shouldn't fowgive him for any of dem. In a cwear and obvious case of projection, he often claims to get framed by me but Mommy knows I'm forever innocent and a baby. Babies are innocent. Everyone knows dis. Bwig guy cwaims I am not a baby, but he dwoesn't know anything. I don't weally want him here anymore. I know dat. I want Mommy to mysself. I awlso know dat. While I'm at it, I'd also prefer the big, dum dog not be here, either. He's cwazy and can not be twusted, even dough he is scared of me and doesn't make eye contwact and knows better dan to mezz wit me after our one incidwent, when I saw da big gwuy eye to eye and made his forearms bweed with my rabid rage. I will defeat all comers when it comes to sharing Mommy. I don't want to share her. I shouldn't hab to share her. My favorite spot is right between her lwegs on the blanket with my nwose straight in day bwanket and my head dwon. Big gwuy says no one sweeps dis way, but he has neber been right about anyting, he says, incwuding dat I fwame him for crimes. He is a criminal. I'm reporting it here and nwow, which makes it official. Lwet it be recwordered. The innocent bwaby has accused Big Guy writefully of cwimes and he is guilty of all of dem, and when he protests lwoudly and angwily, it is merely becuz he is more gwilty than you even think of

HE IS GUILTY OF ALL CWIMES

all dese many cwimes, none of witch are fabwicated or fwamings. While I'm here, I'd like to officially motion to have three feedings a day instad of too. Too is too few. I tell dem every day, twice a day, through hawnting screams and whaling, for ninetty full minwinutes, but dwey don't listen to me because i tink mommy has twouble wit her hearing but i no the big gwuy is a fool who ignores me. it is one of the many cwimes he is guilty of, none of which ib framed him for. How can i fwame him for being a fool? You have te a fwool to think

of such tings. I vud also like to put on da offical record dat i was not swcared of the handy man or any alarm sounds of that wittle vacuum ting that starts up withoutht any warning. i'm not scared of anyting in dis house. i am da ruler of dis hous, and eberyone knows it and will forever no it. i am da baby and also da king, and da big gwuy is guilty of all crimes. He is gwilty of all cwimes. he is guilty of all cwimes. he is guilty of all cwimes. He is gwilty of all cwimes. He is guilty of all cwimes.

Breath Work 4 Begwinners

WRITTEN BY FOOTFOOT

Hellwo two all of jew lwooking for self improvmnt. Are you secwetly anxious like me, twying to hide it behing a veneer of gwace and beauty and general regal nonchalance? Dwoes jour inner monologue incwude doubt and anxietee? Well, fwear no more. Do I have a great medwincine four jew. Ebery morning, my pawents choose compwete stillness, to be alone wit their soles, which i can see, because I'm the pwincess lady. I can see it whereber i am in da house. More awcturately, I can FEEL it, in the bones. It makes me feel awlive. Since Ive discovered this, I'm stronger and mo tranquil dan ever. I habent been dis alive since my naughty days in memphis, back when i could troll for lovers by the hotel bar while in drag. Dis is how I do it: I want til they are pewrfectly still and not in does machines dey are always staring into and tapping, Daddy cuze he's pweasing his king, mommy cuz she's looking at videos or da dog running into snow and eagle fwying to man's hand and also all dose other cat videos dat make her laugh from da bath. Whenever they don't have does machines in their hand, and are still, come running over and sit next to dem. Dis is good for my peace of mind. It reminds me of da important tings. De important tings are dat my food is ready at 7 am and 6 30 pm and dat cat naps are da best and da heating pad and having a pwace to poop. Our pwace to poop is so special dat de big, dumb dog tinks it is filled with treasure. Dats how beautiful my insides are. Da big dum dog tinks our poop is tweasure and our kitty litter box is a tweasure chest.

The Feline Chronicles

He wheely is an uncommon idiot. He is to Da Feline Cwonicles what Twump is to democracy. A disgwace. But we live wit him only because Mommy seems to be ok with him. I hear it in her voice when she says "Hi, Earl!" in da morning. Dis is the only reason he is awollled to grace dese important page. Anyway, getting back to bweth work. It has done wonders for my mental health as part of my dwaily regimen. I forget sometimes but whenever Mommy and Daddy are not in their machine, I prance over and pounce on my mment of serenity cuz it is rare, wit with that clumsy dog awlways bounding about wit him cwazy tail and cmumsy way. If jew live a hectic life like me, go to your happy still pwace and watch your dreams fill with images of kwilling birds in the wild and fwilling your fat lady pouch wit food. I pwomise you dat peace can be yours. In just eight to ten minutes, led by a tool nwamed Clark Kiegly, who is telling you you did awesome even do he can't possibly know, cuz he is a faking it fraud and as i said a twool, jew too can have your worldview altered in ways that will make you forever thankful. Chose peace. Still those doubts and self judmnt. Jour mind is a poison. Rest it. Lwife is hard enough without jew being bad to yoursf. Join me in knowing da way to a bwetter life. You'd tink da happiezt i'd be is on da heating pad in da crook of mommy's arm. But it isn't. Da happiest I am is when i see mommy's smile cuz i'm prancing over like a princezz lady toward da most serene safety i've ever know.

Nobody Treats Me Fairly Here And Everyone Underestimates Me

WRITTEN BY EARL

I CAN read. I DID read that sign at the park that informed me and Dan that it was closed. I can not only read. I'm also now a perfect speller. I don't understand why I wasn't given more room to play a starring role in this gift. Why am I not featured in The Feline Chronicles. They say it is because I'm dumb, but I simply don't understand. What does the word Feline mean?
